

Oilmax

CHIP COMPACTOR

Benefits

- **Storage:** Hygienic Chip Storage with Reduction of storage space approx by 70-80%
- **Better Yield:** Get better melting yield of chips, less surface area to oxidize and become slag
- **Reuse of Oil & Coolant :** Almost 90% oil or coolant can be recovered & can be reuse
- **Scrap Management :** Better Accoutability of chips & better scrap management.
- **Transportation Cost:** Drastic reduction in transportation cost.
- **Safety:** Prevents possibilities of Blasts in furnace.
- **5S Goals:** Helps in achieving 5S requirements.
- **Pollution Control:** Reduced fumes contribute to reduced pollution.

Chip Compaction

Grinding Dust Compaction

Installations

One Time Installation, Lifelong Saving

Oilmax

CHIP COMPACTOR

Applications

Brass Burr

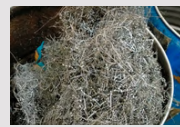

MS Chips

Grinding Sludge

Aluminium Chips

Turning Swarf

Model	VCC12-110	VCC12-150
Briquet Size	Ø 100mm x 50mm	Ø 100mm x 50mm
Hydraulic Force	110T	150T
Electric Motor	15 HP	15 HP
Cycle Time	23 Sec	20 Sec
Machine Size (LxWxH) MM	1700 x 900 x 2200	1700 x 900 x 2500
